

Car Wash

A car wash is a facility used to clean the exterior and, in some cases, the interior of motor vehicles. Car washes can be self-serve, fully automated, or full-service with attendants who wash the vehicle.

Most car washes take between ten and twenty minutes to go from washing to drying. A car wash can be done by hand or by machines (a drive thru car wash) that run bristles, soap, and water to clean your car's exterior. A car wash tends to be a superficial cleanse while an auto detail is more thorough and restorative.

We use methods for car wash is foam wash, vacuum, water jet.

Why Click Zippy?

- **ASSURITY**
if any Mistake done by our professional then we can give again best services is free of cost after surety of wrong services.
- Service totally done by trained professionals within time limit that means fast services.
- Professional service is affordable rate so you can satisfied your need.
- We are based on application and website so Customer can book online services at their place and get services at doorstep.
- Easy comparison of Qualitative services and their rate.
- Broad category of services we have.
